Author Guidelines

Authors are kindly requested to submit their manuscript only through the online submission module at www.phytokeys.com. In case of difficulties with the submission procedure, please contact phytokeys@pensoft.net. Full text of author guidelines is available at: http://phytokeys.pensoft.net/about/AuthorGuidelines

Excerpts from the Guidelines

Body Text: All papers must be in English, checked by a native English-speaking colleague (if author(s) is are not native English speaker(s)). Write with precision, clarity, and economy: use the active voice and first person whenever appropriate.

Web (HTML) links: Authors may include links to other Internet resources in their article. This is especially encouraged in the reference section. When inserting a reference to a journal site, please include the http/ portion of the address.

Citations within the text: Citations within the text: Before submitting the manuscript, please check each citation in the text against the References and vice-versa to ensure that they match exactly. Citations in the text should be formatted as follows: Smith (1990) or (Smith et al. 1998) and Smith et al. (1990) or (Smith et al. 1998) and Smith et al. (1990, 2000). Cite all references in the text. Citations are used to indicate the identification of species, families, genera, or at least to the closest relatives is highly desirable and may be requested by the editors. A list of families, genera, or at least to the closest relatives is highly desirable and may be requested by the editors.

References: It is important to format the references properly, because all references will be linked electronically as completely as possible to the papers cited. It is desirable to add a DOI (digital object identifier) number for either the full-text or title and abstract of the article as an addition to traditional volume and page numbers. If a DOI is lacking, it is recommended to add a link to any online source of an article. Please use the following style for the reference list:

Accepted Papers: Same as above, but ‘in press’ appears instead the year in parentheses.

Citations of Public Resource Datasets: It is highly recommended all appropriate datasets, images, and information to be deposited in public resources. Please provide the relevant accession numbers (and version numbers, if appropriate). Examples of such databases include, but are not limited to:

• IPNI (www.ipni.org)
• Morphbank (www.morphbank.net)
• GenBank (www.ncbi.nlm.nih.gov/Genbank)
